

# Hodge Theory and Algebraic Geometry

Workshop in celebration of  
Mark Green's 60<sup>th</sup> Birthday

February 22 – 23, 2008

## Organizers:

David Eisenbud (UC Berkeley)  
David Gieseker (UCLA)  
Phillip Griffiths (Institute for Advanced Study)  
Stan Osher (UCLA)

## Confirmed Speakers:

James Carlson (Clay Mathematics Institute)  
Herb Clemens (Ohio State University)  
Ron Donagi (University of Pennsylvania)  
David Eisenbud (UC Berkeley)  
Phillip Griffiths (Institute for Advanced Study)  
Robert Lazarsfeld (University of Michigan)  
Stefan Muller-Stach (Johannes Gutenberg-Universität Mainz)  
Madhav Nori (University of Chicago)  
Stan Osher (UCLA)  
Chris Peters (Université de Grenoble 1 (Joseph Fourier))  
Claire Voisin (Directrice de recherche, CNRS)

## Public Event:

In celebration of Mark Green's contributions to the UCLA Math Department and IPAM, Tony Chan (NSF/UCLA), Roberto Peccei (UCLA) and Christoph Thiele (UCLA) invite you to join us for a series of public talks featuring speakers Peter Jones (Yale University) and Tony Chan (NSF/UCLA). This event will be held on Thursday, February 21st in the afternoon, followed by a reception. Visit [www.math.ucla.edu](http://www.math.ucla.edu) for updates and schedule.

*Funding for the workshop has been provided for by the Office of the Vice Chancellor and Dean of Physical Sciences at UCLA. No registration fees apply for participation. Limited funding may be available for graduate students and postdocs. Applications received by January 10, 2008 will receive fullest consideration. If you do not intend to apply for funding, please register for the workshop using the online form at the web address listed below.*
